SUMMARY

A motivated computer science engineering student with a deep passion for software development and a strong interest in AI. Committed to delivering meaningful results while continuously enhancing skills, with a focus on applying knowledge in real-world scenarios. Enthusiastic about contributing to innovative projects and advancing in the tech industry, particularly with a focus on Java**.**

EDUCATION

B.E in Computer Science and Engineering **GPA – 9.00** **2025-2029**
Jyothy Institute of Technology, affiliated to
Visvesvaraya Technological University (VTU)-Belagavi

TECHNICAL SKILLS

Programming Languages: Java , HTML, CSS , C , React.js
Operating Systems: Windows, Ubuntu
Backend & Database: Node.js, MongoDB

ACADEMIC PROJECTS

ShareHub: A student-focused platform combining marketplace, resources, placements, events, and an AI Assistant.

• JIT ShareHub is an all-in-one student platform that brings marketplace, resources, placements, events, and an AI assistant together.
• The main goal is to make it easier for students to access college-related services from a single platform.
• Built a seamless frontend and Node.js backend, enabling personalized discovery, reviews, and content filtering across genres and languages.

ResQNow: An emergency assistance platform connecting users with nearby services.

• The user can request emergency assistance.
• The application uses maps to identify nearby services.
• It can help locate **hospitals, mechanics, and other emergency support**.

ACHIEVEMENTS & CERTIFICATIONS

• Took part in DSATM Hackathon 2025.
• Participated in SIH Internal Hackathon, organized by JIT.
• Shortlisted for the Internal SIH Hackathon, organized by JIT.
• Completed web development courses covering HTML, CSS with hands-on website and web application development.
• Participated in the CSI Coding Challenge at Jyothy Institute of Technology.
